

SEEMATZ

*Straight-Line Wiper
Searchlight*

Pesch Marinescheinwerfer / SEEMATZ

The Company *Pesch Marinescheinwerfer*, are better knowing under our brand SEEMATZ. We are one of the leader in the production and design of Searchlights and Window Wiper systems since 1970. The company is located in northern Germany near to the biggest German Seaport „HAMBURG“.

SEEMATZ is used everywhere where functionality is obligatorily necessary under all conditions. Our scope of delivery includes searchlights from 150 to 7000 Watt, wipers from 375 to 4025mm wiper length - from the yacht to the icebreaker, from a fishing vessel all the way to the biggest cargo vessels.

Should you not find the matching product for your needs in our assortment, please contact us. We have produced all main components in our house since the every beginning. This enables us to build exactly what you need - gladly also outside of our standard product range.

All this with extremely competitive rates.

We sincerely acknowledge your time and efforts for reading this letter
